CORPORATE

PROFILE

ABOUT US

Octopus Security and Allied Services (OSAS) was incorporated in 2011 to operate in the private security industry. It is backed by a board and management that share among them considerable experience spanning many years in the security profession. The company provides services in industrial and commercial security to clients with a view to carving a niche for itself. We provide integrated security solutions for our clients. Our service delivery is excellent and we provide the best security solutions through innovation, strict adherence to quality, training and compliance with international standards. It is our hope that as we ensure international best practices, we will remain dynamic and incorporate further development in the area of security into our business.

OUR BUSINESS

OSAS provides services in all areas of security and on request can design, develop and deliver security solutions to clients' specifications. In addition, at your instance we can conduct a survey and risk assessment if found desirable. We are licensed by Nigerian Security and Civil Defence Corps. (NSCDC). The company is also a Recognised Security Organisation (RSO) registered by Nigerian Maritime Administration and Safety Agency (NIMASA) to provide consultancy and risk assessment services within the maritime domain of Nigeria. However, we provide the following services:

- Training and Consultancy Services
- Manned Guards Services
- Maritime Security and Safety
- Investigations and Background Checks
- Electronic Security Systems
- Access Control System
- Executive Protection, Escort, Logistics and Protocol Services
